

Indian Academy of Sciences, Bangalore

and

Indian National Science Academy, New Delhi

Joint Summer Research Fellowship Programme for Students and Teachers — 2007

The Science Education Panels of Indian Academy of Sciences and Indian National Science Academy offer several two-month Summer Fellowships to enable students/teachers to work with Fellows of the two Academies during 2007. **The announcement inviting applications along with the application format and a list of Fellows willing to accept students/teachers for work on joint short-term projects are included as a supplement in the November 2006 issue of *RESONANCE* — journal of science education.** This information is also available in the Academy website.

Proposals are invited from interested students and teachers for these Fellowships. The proposal should include a brief resume of the applicant (see format), a one-page description of the planned activity, the Fellow with whom the applicant would like to work (please give names of two or three Fellows in order of interest) and the tentative dates of the visit as convenient to the applicant. The **plan of work** should clearly state the specific experiment or theory that the applicant would like to work on and NOT a general description of the area. Student applicants should include a recommendation letter from a teacher (in the enclosed form) familiar with their work, in a sealed envelope.

Applications can be submitted online through our website (www.ias.ac.in); however a copy of the application together with enclosures has to be sent by post to The Executive Secretary, Indian Academy of Sciences, C.V. Raman Avenue, Post Box No. 8005, Sadashivanagar P.O., Bangalore 560 080. The last date for receipt of applications is **15 January 2007**.

Information of selection along with concurrence of the Fellow will be despatched by early March, 2007. The selected students/teachers will be provided appropriate round trip train fare and an honorarium to meet the boarding and lodging expenses at the place of work.

31 October 2006

Professors N. Mukunda and S.C. Lakhota
Chairmen, Science Education Panels, IASc and INSA
