

Centre for Cellular and Molecular Platforms

NCBS-TIFR, Bangalore

Centre for Cellular and Molecular Platforms (C-CAMP), a Dept. of Biotechnology (Govt. of India) initiative, is a member of the Bangalore Bio-cluster. Our mission is to enable success in bioscience research by providing research, training and research platforms in state of the art technologies.

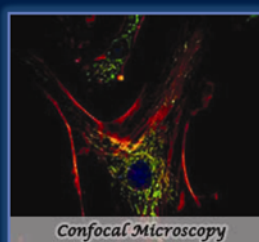

Applications are invited for hands-on training courses in the field of **Flow Cytometry** for the year 2011.

5th-8th July
13th-16th December

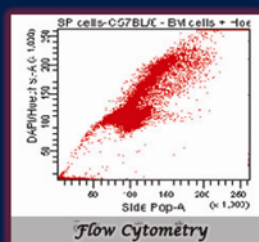

Please contact us at training@ccamp.res.in for more information.

(Note: The last date for applying for the 5th July course is 5th June, 2011. Letter of recommendation has to be sent separately by the student's supervisor directly at training@ccamp.res.in mentioning "Recommendation Letter" in the subject line).

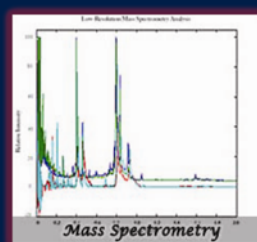

Our research platforms :

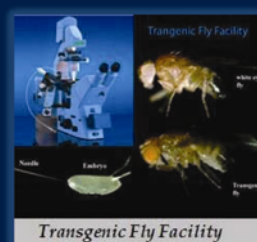

Confocal Microscopy

Flow Cytometry

Mass Spectrometry

Transgenic Fly Facility

We also have Intellectual Property Management Office (IPMO), Technology Transfer Office (TTO), High Thorough-put Screening and High End Genomics facility.
