

Come, be a part of convergence of ignited minds; emergence of new finds.

Dates: December 8 & 9, 2011
Venue: Royal Orchid Resort & Convention Centre, Bangalore, India

Programme at a Glance

Pre-Conference Tutorials - 7th December 2011	8th December 2011	9th December 2011	
Nano Medicine & Nano Biotech	Inauguration of Event, Exhibition & Poster	Opening Plenary	
	Opening Plenary	Nano for the Young Programme	Education and Public Engagement (Regulatory & HRD Issues)
Nano Materials	National Lecture Series		
Nano for Energy & Environment	Business Opportunities in Nanotechnology	Nano Medicine & Biotechnology	Advanced Nano Materials
	RICH Presentations	Nano in Energy & Environment	Nano Electronics & Microsystems
Nano Sensors	Networking Reception	Valedictory Function & High Tea	

• Programme subject to alteration

Some of the Leading Speakers

- Dr. Stuart S.P. Parkin, Ph.D., F.R.S., NAS, NAE | IBM-Stanford Spintronic Science & Applications Center (SpinAps), USA
- Prof. Anthony K. Cheetham, FRS | University of Cambridge, UK
- Prof. Ajay Sood | Indian Institute of Science
- Prof. Srinivas Sridhar, Ph.D. | Northeastern University, USA
- Prof. Rinti Banerjee | IITB
- Dr. Shantikumar Nair | Amrita Center for Nanosciences
- Prof. G.U. Kulkarni | JNCASR
- Dr. Tata Narsing Rao | ARCI
- Dr. Vijayamohan K. Pillai | CECRI
- Prof. T. Pradeep | IITM
- Prof. V. Ramgopal Rao, Ph.D., FNAE, FASc, FNASc | IITB
- Prof. Navakanta Bhat | Indian Institute of Science
- Prof. Dr. E.W. Meijer | Eindhoven University of Technology, USA
- Dr. Timothy S. Fisher | Purdue University, The Netherlands
- Dr. Mas Subramaniam, Ph.D. | Oregon State University, USA
- Prof. D.D. Sarma | Indian Institute of Science
- Prof. B.L. Ramakrishna | Arizona State University, USA
- Dr. Jun'ichi Sone | National Institute for Material Science, Japan
- Prof. Suman Chakraborty | IITK
- Dr. Krishnan Venkat | Personal Care Strategic Business Unit, ITC
- Prof. Gordon Wallace | University of Wollongong, Australia
- Dr. Prashanth C. Upadhyay | IISER - Kolkata
- Dr. Mano Manoharan | John F. Welch Technology Centre, GE
- Prof. Krishna N. Ganesh | IISER - Pune
- Dr. Rishi Shanker, Ph.D., | Indian Institute of Toxicology Research
- Dr. S. Swaminathan Sethuraman | CeNTAB - SASTRA University
- Dr. Haiwon Lee | Hanyang University, Korea

Pre-Conference Tutorials

If you have recently graduated with a bachelor degree in science or engineering or if you are a doctoral student or a post-doctoral researcher, with a focus in nanotechnology research area, Pre Conference Tutorials will offer you a quick yet inclusive grasp of this cutting-edge technology.

Nanotechnology Pre Conference Tutorials is organized into 4 different segments taught by Research fraternity and industry professionals - Nano Medicine & Nano Biotech; Nano Materials; Nano Enabling Technology in Energy & Environment and Nano Sensors.

Poster – Walkway of Discovery

Poster - Walkway of Discovery provides an unique opportunity for Scientists and Researchers to share their Innovations & Research in Nanoscience and Nanotechnology with Industry, Research Institutes and Venture Capitalists.

The main objective is to showcase research initiatives to leading Investors, industry and research fraternity. Three best posters would be suitably awarded.
