Apoptosis & NF-κB Research Reagents

- Caspase Antibodies, Inhibitors
- Bcl & Bax Antibodies
- p50/p65 Antibodies
- CytoGlo™ Annexin V-FITC &
- pSIVA-IANBD Apoptosis Detection Kits
- NF-κB/p65 ELISA Kit

TLR & Innate Immunity Research Products

- TLR Pathway Antibodies
- TLR Pathway Ligands
- TLR Pathway Inhibitors
- HMGB Antibodies
- Reporter Cell Lines for TLR Signaling

Signal Transduction Antibodies

- Stem Cell Markers
- Tumor Bio Markers
- DNA Methylation & Repair
- Cytoskeleton & Nuclear Envelope
- Neurobiology
- Transcription Factors
- Chromatin
- Cleavage Specific
- Cell Cycle
- Development & Differentiation
- Histone
- Phosphospecific

Immunology Research Tools

- CD Marker Antibodies
- Regulatory T Cell Antibodies
- Cytokines and Chemokines
- Dendritic Cells
- Isotype Controls
- Interleukin & Cytokine ELISA Kits

Secondary Antibodies & Loading Controls

- Anti-Mouse Ig, Anti-Rat Ig, Anti-Rabbit Ig
- β-Actin/β-Tubulin Antibodies
- GAPDH Antibodies

Other Product Line

- ChIP Assays & Components
- Expression Systems
- Insta-Blot™ (Ready-to-use WB Membrane)
- Tissue & Cell lysates
- Recombinant Proteins
- Histu-Array™ (Tissue Micro Array Slides)
- Cellular Fraction Extraction Kits
- FACS Staining Kits
- Buffers & Reagents
- Research Kits & Educational Kits

Custom Services

- Peptide Synthesis
- Recombinant Protein Production
- Polyclonal Antibody Development
- Monoclonal Antibody Development
- In vitro & in vivo Biological Assays
- Bio-Informatics Services

We also Provide Products & Services from our Partners

IMGENEX INDIA PVT. LTD.
E-5, INFOCITY, KIIIT Post Office, Bhubaneswar, Odisha, India, 751024
Tel: 0674-3296544, 2743265, Fax: 0674-2741046
email: info@imgenexindia.com, www.imgenexindia.com

* 25 μg of Secondary Antibodies (HRP Conjugated Anti-mouse/Anti-rabbit) or Loading Controls (GAPDH/β-Actin/β-Tubulin)
Free with Purchase of Any Primary Antibody (Use code : SL 2012 in your purchase order)
