The BD Accuri® C6
personal flow cytometer

Flow cytometry within reach.

The BD Accuri® C6 is a personal flow cytometer that puts flow cytometry within reach. It gives you 4-color cell analysis in an affordable, transportable, and easy-to-use format.

Measuring just 11x14.75x16.5 inches (27.9 x 37.5 x 41.9 centimeters) and weighing just 30 pounds (13.6 kilograms), the BD Accuri C6 gives both novice and experienced researchers the power of multicolor analysis, when and where you need it. BD CFlow® software’s intuitive interface guides you through workflows, making it easy to begin collecting and analyzing data - even if you have little flow cytometry knowledge or know-how.

Setup and maintenance are also simplified to increase availability and up-time.

For more information about how you can more easily access the power of flow cytometry in your lab, visit bdbiosciences.com/go/accuri.
