

## Laboratory Instructor Recruitment

The Institute of Bioinformatics and Applied Biotechnology (IBAB) has started a two-year post-graduate course (M.Sc. in 'Bioinformatics and Biotechnology') in 2011. Details can be found at the website: <http://www.ibab.ac.in/>

IBAB invites applications for the position of **instructors** (3 positions) to help in conducting the laboratory courses of the M.Sc. programme.

### **Job description:**

Instructors are expected to be in charge of the graduate teaching laboratories. They would be responsible for the maintenance of the laboratories and for conducting laboratory courses in consultation with the resident faculty members. They are also expected to provide help in the design and discharge of the laboratory curriculum and evaluation of students.

### **Eligibility:**

Applicants for the instructor position must have an M.Sc. degree in Life Sciences or a M.Tech. in Biotechnology. Experience with model organisms such as *Drosophila* and *C. elegans* is preferred. Experience in cell culture, microbiology, biochemistry and/or molecular biology is highly desired.

### **Mode of selection:**

Selection of the candidates will be on the basis of their academic credentials and performance in an interview conducted at IBAB, Bangalore. Applications in the form of detailed and accurate curriculum vitae should be sent by e-mail only to [info@ibab.ac.in](mailto:info@ibab.ac.in).

The last date for receiving the applications is **Saturday, 14 July 2012**.

**Last date for receipt of application for admission to  
M.Sc. in 'Bioinformatics and Biotechnology'  
Saturday, 7 July 2012**
