

Summer Research Programme 2013

The S. N. Bose National Centre announces the Summer Research Programme to be conducted during May to July 2013 for students in first/second year of M.Sc. in Physical, Chemical (including Biophysics and Chemical Biology) and Mathematical Sciences. The project will be for a period of eight weeks (with no break) under the supervision of a faculty member of SNBNCBS in an area of mutual interest. Stay for a period less than eight weeks will not be entertained. At the end of the project, students are required to give a presentation of their work and also submit a project report. The Centre will provide each student an honorarium of Rs 2000 per week to cover the hostel and other expenses. They will be allowed to use the library and other facilities in the Centre. The outstation students will be reimbursed with AC III Tier return train fare (except Rajdhani, Duronto and similar trains) between their place of work or residence and Kolkata. The list of members of the faculty of the Centre and their field of research are available in the web-page of the Centre. Interested students, with consistent good academic record may directly write to the below mentioned contacts with a note on the preferred listing of three faculty members with whom they would like to associate. A Letter of Recommendation by the Head of the Department or by a senior member of the faculty, who has taught the student, should accompany the application. The last date of receiving the application is **1 March 2013**. The decision will be published in the web-page of the Centre by April first week.
