Appointment of External Liaison Officer and Program Manager (Academics)

National Centre for Biological Sciences (NCBS), Tata Institute of Fundamental Research (TIFR) a premier centre for research and teaching in frontier areas of biology (www.ncbs.res.in) invites application for the following positions:

1. External Liaison Officer: To provide a range of external liaison services on behalf of the research community at NCBS and its allied institutions. The candidate should have strong time-management skills, commitment to high standards and the ability to analyse and summarize information. Prior experience in project management and/or working within education or research sectors would be an added advantage.

2. Program Manager (Academics): To liaise with the academic office to ensure smooth functioning of the academic activities of the Bangalore Biocluster (NCBS, InStem and C-CAMP). The candidate should have experience as a Scientific Administrator in an Academic Institution with excellent interpersonal and organizational skills.
