

SERB School in Neuroscience

Seventh edition
(9–21 December 2013)

Sponsored by SERB a statutory body of DST

University of Hyderabad will conduct the SERB sponsored school for imparting training in basic and cutting edge areas in Neurosciences with emphasis on electrophysiology. Twenty young researchers (Ph.D. scholars, postdoctoral fellows or young faculty members) will be selected at an all India level. Exceptional candidates at with a lower degree may also be considered. Faculty would be leading scientists in the related areas from India and abroad. For those interested in understanding the nervous system, the school will offer a rare opportunity to learn directly from the leading practitioners in the field.

**Call for registration in a 2 day workshop on 'Advances in Biomaterials and Nanobiotechnology (ICT-NanoBio-2013)' (Date: 23 and 24 November 2013)
At Department of Chemical Engineering, Institute of Chemical Technology, Mumbai**

Broad Areas of Focus

Biomaterials	Tissue engineering and regenerative medicine
Drug delivery and Biosensors	Surfaces and colloids in imaging and diagnostics
Microfluidics	Toxicology and risk assessment of nano-systems
Computational biology	Responsive colloids and materials
Soft matter, surfactants, polymers in biological systems	Adsorption, catalysis and electrochemistry in biological systems

Registration form, application form, paper submission guidelines, venue and other important details are available on: <https://sites.google.com/site/ictnanobio2013>.

Last date of registration is **10 October 2013**.

Last date of abstract submission for poster session: **30 September 2013**
