

Wanted a Leader with Vision and Drive to Create a Modern University

Looking for a dynamic leader to take over as Director/Vice Chancellor of a start up Private University based in Gujarat.

The ideal person should be at least an Associate Professor in any Indian or Foreign University, with more than 5 years of research and academic experience. The ideal candidate may be from Design and Engineering, Management, Life Sciences or Social Sciences discipline. He/she should have industry orientation, experience and/or linkages.

The promoters expect the individual to bring the vision of a modern University. He/she will be expected to incorporate and execute the vision of the promoters. The University is being designed to cater to future academic requirements. Additional promising areas of excellence will have to be conceptualized and developed.

The emoluments will be as per mutually agreeable terms.

We look forward to a short write-up on vision and execution plan with resume.
