IGBP Symposium on Geosphere-Biosphere Interactions in a Future Earth

7 April 2014 at Hotel Sheraton, Bengaluru

Jointly organized by
International Geosphere-Biosphere Programme (IGBP) Sweden
Divecha Centre for Climate Change, Indian Institute of Science Bengaluru
Space Physics Laboratory Thiruvananthapuram

The Symposium will include eminent speakers including IGBP Chair, IGBP Science Committee Members and eminent scientists from India.

Topics:

- Geosphere-Biosphere Interactions
- Aerosols and Climate
- Land Use/ Land Cover Changes
- Satellite Remote Sensing
- Climate Modelling

Abstracts are invited for the IGBP Symposium. Selected abstracts will be chosen for **Oral** or **Poster** Presentations. Participants, who are unable to find travel support, will be provided

travel reimbursement of III Tier A/C train fare and accommodation.

There will be a **Poster Symposium** where best three posters will be given awards.

Abstracts (less than 500 words) may be sent to the following contact person before **25 January 2014**.
