

Inspire. Innovate. Lead.

CSIR, the leader in
S&T Innovation,
is looking for **Director**
for its prestigious
Laboratories/Institutes.

Council of Scientific and Industrial Research (CSIR), established in 1942, is an autonomous Society with the Prime Minister of India as its President. An ensemble of 38 state-of-the-art National Laboratories/ Institutes, 5 Units, 3 Innovation Complexes and 38 Centres, CSIR has played a pivotal role in advancement of S&T covering diverse domains. CSIR has spawned many organisations, disciplines, and served as a training ground for most of India's distinguished scientists and technologists. It has ushered India into the knowledge economy, creating and nurturing talent in science, innovation and technology.

As the pioneer of India's IP movement, CSIR has 90% of US patents granted to any publicly funded Indian R&D organisation. About 14% of CSIR patents are licensed, much above the global average. CSIR holds over 5,600 Indian and Foreign patents, annually publishes more than 5,000 papers in SCI journals and about 500 students get their Ph.D. every year from its institutions. The expertise and experience of CSIR is embodied in its more than 4,600 Scientists and 8,000 technical support personnel besides over 8,000 JRF/SRF/RA and project staff.

CSIR invites applications from outstanding R&D professionals to head its prestigious national Laboratories/Institutes as DIRECTOR and contribute to achieve CSIR's mission, "to build a new CSIR for a new India". The coveted positions are available at the following premier research Laboratories/Institutes.

PHYSICAL SCIENCES

CSIR-Central Scientific Instruments Organisation (CSIR-CSIO), Chandigarh

Focuses on R&D of scientific and industrial instruments and instrument systems. It has significant knowledge-base in bio-medical, agricultural, mechanical and strategic sectors, and industrial process control systems. It operates an Indo-Swiss Training Centre, creating highly skilled technical personnel. Located at Chennai and Delhi, CSIR-CSIO has two outreach centres.

For more details, visit <http://www.csio.res.in>

ENGINEERING SCIENCES

CSIR-Central Mechanical Engineering Research Institute (CSIR-CMERI), Durgapur

Carries out R&D in robotics & mechatronics, embedded systems & electronics, micro-systems technologies, advanced materials processing, energy & process plant, industrial and farm machinery and manufacturing technologies. CMERI has to its credit the design and development of Swaraj, Sonalika and Krishi Shakti tractors and India Mark II pump.

For more details, visit <http://www.cmeri.res.in>

INFORMATION SCIENCES

CSIR-National Institute of Science Communication & Information Resource (CSIR-NISCAIR), New Delhi

Provides multifaceted knowledge processing, generation and dissemination services. It brings out a variety of S&T publications like research journals, encyclopedia, monographs, handbooks, etc., hosts National Science Library & develops HR in S&T communication and information resources through short-term and attachment training programmes.

For more details, visit <http://www.niscair.res.in>

Essential & Desirable qualifications : Kindly refer detailed advt. available on CSIR website.

Age: 45 yrs or above but not exceeding 58 yrs.

Pay Scale: ₹ 67,000 (annual increment@3% Rs. 79,000/- (HAG))

Experience: 16 years of experience in Research and Development in the areas of activities of the Laboratory/Institute and demonstrated excellence in leadership therein. Years of experience shall be computed from the beginning of the applicant's research career.

Please send your detailed bio-data along with list of publications/patents etc. through email or by post within one month of the publication of this advertisement, to:

Director General,
Council of Scientific & Industrial Research (CSIR)
Anusandhan Bhawan, 2, Rafi Marg, New Delhi-110001
E-mail: dgcsir@csir.res.in or dg@csir.res.in

Detailed advt. is available on CSIR website www.csir.res.in
