ADVERTISEMENT NO. R&D/01/2014

IMGENEX India Pvt. Ltd. is a Bhubaneswar-based premier Biotech company that develops and markets polyclonal and monoclonal antibodies along with other biotechnology reagents. We have state-of-the-art-laboratories with molecular biology, cell biology, proteomics, immunohistochemistry and flow cytometry facilities.

QUALIFICATION AND EXPERIENCE

The candidates should be **M.Sc./M.Tech** in any branch of Biological Sciences with experience in generating monoclonal antibody using hybridoma technology.

We look forward to result-oriented persons who can screen the hybridoma clones by different applications (ELISA & Western blot) and establish the specific clone.

SALARY

Salary commensurates with qualification and experience.

Interested candidates may apply through e-mail with recent CV to **jobs@imgenexindia.com** within 10 days of publication of this advertisement.
