An Illustrated Guide to Common Diatoms of Peninsular India

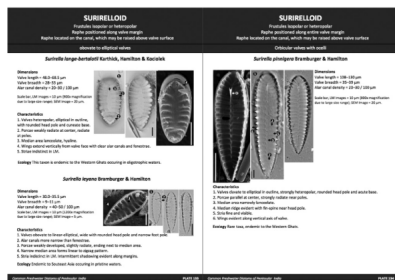

B.Karthick, P.B. Hamiton & J.P. Kociolek

The guide has been compiled for those who wish to begin a study of the diatom flora of Peninsular India. This book covers description of 182 taxa belonging to 50 genera with light microscopy and scanning electron microscopic illustrations along with ecology. An introduction to diatoms and its taxonomy with protocols for collection and enumeration of diatoms has been provided in detail to make the diatom study easy. This book serves as an introduction to the common species found in freshwaters.
