Entrance Level Test for Ph.D. Programme in Physics

Ours is a research institute having state-of-the-art facilities to carry out frontline research in experimental condensed matter physics. The institute is running Ph.D. programme in Physics for more than 20 years and the pass out Ph.D. students of this institute are well placed in national and international laboratories of repute. For entry to this Ph.D. programme an entrance test is organized on **16 June 2014**. Selected candidates will be offered a research fellowship as per UGC rules. For further details of the various facilities available and placement of past students, etc. and how to apply can be found on our website. Last date for receipt of application: **1 May 2014**.

Centre-Director

Join the frontier institute in experimental condensed matter physics and be a leading researcher with international foot print.
