A Refresher Course in Experimental Physics will be held at Goa University, Goa from 11 to 26 November 2014 for the benefit of faculty involved in teaching undergraduate and postgraduate courses. Participants in this course will gain hands-on experience with about twenty five out of forty experiments, with a low cost kit developed for the Indian Academy of Sciences, and manufactured by Ajay Sensors and Instruments in Bangalore. These experiments are in (a) mechanics, (b) heat, (c) electricity both DC and AC, (d) magnetism, (e) relaxation, (f) phase-sensitive detection technique, and (g) non-linear dynamics.

Refresher courses in Experimental Physics held so far have been highly successful and the experiments have been included in 80 institutions including universities, autonomous colleges, and advanced scientific institutions involved in education. Over 1200 participants have been trained so far and more than a hundred kits have been sold. UGC has approved two-week Refresher Courses of good standing for promotion, vide notification – F3-1/2009 dated 30 June 2010.

Applications are invited from teachers with experience in teaching undergraduate and postgraduate courses in Engineering and Physics. Motivated students of III B.Sc. and M.Sc. Physics courses with keen interest in Experimental Physics may also apply. The number of seats will be about 30. Selected participants will be provided with travel assistance (limited to three-tier A/c train fare), accommodation and local hospitality during the Course in addition to course material.

Interested applicants must submit their application ONLINE by clicking on the following link
