

# International Conference on 'A decade after the Indian Ocean Tsunami – Status and Experiences' IOTSUNAMI2014

10–13 December 2014

## FIRST CALL FOR PAPERS

IOTSUNAMI2014 organizing committee invites prospective authors to submit their extended abstracts dealing with the conference themes or related topics. Abstracts will be reviewed by a technical committee and a book of abstracts would be provided at the beginning of the Conference. Authors of accepted abstracts would receive further instructions for preparing the full paper and presentation details. The conference Proceedings will be published.

### THEMES

Any topics not listed below but of relevance to the objectives of INCHOE2014 would also be considered. Please see INCHOE2014 website for more on themes.

- Source Modelling • Numerical Modelling • Physical Modelling
- Field Investigations • Hazard assessment and Management
- Paleo-Tsunami • Policy Matters • Any related aspects of Tsunami science

### SHORT COURSES

Short courses on tsunami numerical modelling will be held on 10 December 2014 subject to response of delegates.
