**Short term training course on
Molecular Endocrine Techniques**
19 January – 5 February 2015

The Department of Endocrinology, Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani, Chennai 600 113 is organizing a DBT-sponsored course for mid-career scientist involved in UG and PG teaching in Life Sciences and Biotechnology. The proposed training programme will provide the participants a better understanding of principles, methods and application of Molecular Endocrine techniques. Participants will be provided hands on training in ELISA, Cell culture technique, Western blotting, Real time PCR, Methylation-specific PCR, ChIP assay, etc. The course would be of lectures by faculty members and technical experts followed by practical/hands on session.

How to apply: Candidates holding regular positions in colleges/universities/research institutes may apply. No course fee will be charged from the selected participants. The applicants have to be sponsored by their own institutions. 50% of non-sponsored participants of public funded institutions will be paid TA as per DBT-STTC guidelines. Accommodation will be arranged on request. Applications may be sent to **The Course Director** stating name and address for communication including e-mail id, mobile/phone number, educational qualification and research/teaching experience, present place and nature of work, whether the candidate has undertaken such DBT-sponsored training courses. Last date for receipt of applications is **10 December 2014**. Short listed applicants (20 in number) will be intimated by **15 December 2014**. For details contact **Prof. K. Balasubramanian**, Course Director – DBT-STTC and The Head, Department of Endocrinology, University of Madras, Taramani, Chennai 600 113, Ph: 94444 31991, e-mail: kbala82@hotmail.com.
