

## Junior Research Fellows

Applications with complete bio-data and copies of educational certificates are invited for two JRF positions for 3 years in an All India Coordinated Project on Capacity Building in Taxonomy (AICOPTAX) of freshwater planktonic/ground-water Copepoda and Bathynellacea (Crustacea). Applications by mail/e-mail should reach **Dr Y. Ranga Reddy**, Coordinator of AICOPTAX-Crustacea, Department of Zoology and Aquaculture, Acharya Nagarjuna University, Nagarjunanagar 522 510 (e-mail: yrangareddy@nau.ac.in) **within 21 days** of this advertisement.

**Qualifications:** M.Sc. in Zoology with at least 60% marks; preference will be given to CSIR/NET-qualified candidates.

**Emoluments:** Rs 16,000 per month + 10% HRA. No TA/DA will be paid if called for the interview.

## Shivaji University Kolhapur 416 004

Applications are invited for the post of junior research fellow (JRF) to work in the Department of Physics on the major Research Project entitled 'Development of porous nanocarbon electrodes for alkaline fuel cells' funded by DAE-BRNS, Mumbai to Dr A. V. Moholkar, Shivaji University, Kolhapur.

**Position:** One Junior Research Fellow (JRF)

**Qualifications:** M.Sc. (Physics) with 55% marks (Preference will be given to NET/GATE qualified candidates and those having adequate research experience).

**Salary:** Rs 16,000 per month

**Duration:** 3 years (up to 31 March 2016)

Interested candidates should send their application on plain paper along with details like, complete bio-data, attested copies of certificates, mark sheets, etc. **within 10 days** from date of this advertisement to **Dr A. V. Moholkar**, P.I., Department of Physics, Shivaji University, Kolhapur 416 004.

Place: Kolhapur  
Date: 25/11/2014

Prof. (Dr) D. V. Muley  
Registrar

**nature  
conservation  
foundation**

*science for conservation*

Nature Conservation Foundation invites applications from Indian nationals for their doctoral programme to conduct research on the following topics:

- Seed predation, dispersal and plant demography
- Benthic predators and habitat change in coral reefs
- Ecosystem services in snow leopard habitats and human attitudes towards high-altitude large carnivores
- Ecology and conservation of leopards along an anthropogenic habitat modification gradient

### Eligibility criteria

- Master's degree in science
- At least one publication in a peer-reviewed journal
- Prior experience in the preferred research topic

Applicants should state their preferred research topic (only one) and submit a statement of purpose (about 300 words) and their CV only by e-mail to admissions@ncf-india.org on or before **15 December 2014**.

Applications will be screened and selected candidates called for an interview before the final selection is made.
