Invitation for Participation in Visiting Scientist Programme 2016

Since 1991, the INSA is supporting scientists from less endowed institutions to conduct Research and Training in advanced research Institutions/Laboratories within India under **Visiting Scientist Programme**. The main objective of the programme is to facilitate scientist to acquire furtherance of research capabilities for undergoing training in specific techniques, or utilizing facilities not available in their own institution. The scientist holding a regular position in R&D organization including universities or affiliated colleges in India are eligible to apply under the programme. The fellowship period varies from one month to six months depending upon the proposed work or purpose. Interested scientist may download the prescribed application form from the INSA website www.insaindia.org or write to **The Programme Officer**, Science Promotion Section, Indian National Science Academy, Bahadur Shah Zafar Marg, New Delhi 110 002 and submit the prescribed application prior to **15 February 2016**.

Executive Director

An excellent opportunity to update yourself with data analysis skills for 'omics'!

Get HANDS-ON TRAINING by experts

- **NGS & GENOMICS** [Whole-genome and exome sequencing, SNP analysis, metagenomics, etc.]: 3 days [4–6 January 2016]
- **TRANSCRIPTOMICS** [Analysis of microarray, RNA-seq, ChIP-seq/ChIP-chip, and other mRNA/miRNA data]: 3 days [7–9 January 2016]
- **PROTEOMICS** [mass-spec data analysis, protein-interactions, pathways and drug-designing]: 3 days [10–12 January 2016]

10 seats only

Other workshops for beginners

- 6 hours for demystification for professionals in others domains: easy to understand presentations, and discussions, of complex concepts from biotechnology, bioinformatics, drug discovery, GMPs, etc. [3 January 2016]
- **Getting jobs** and planning a **career** in the biotech sector [13 January 2016]

Also note: Positions open for bio-programmers, scientific writers and biomarketing trainees!
