

# **Summer School on Crystallography, Mineralogy, Thermodynamics and Mantle Petrology**

*at*

**National Centre for High Pressure Studies,  
Indian Institute of Science Education and Research Kolkata,  
Mohanpur 741 246, Nadia, West Bengal  
6–17 June 2016**

This summer school is organized by the National Centre for High Pressure Studies, IISER Kolkata. This school is specially designed for Research Scholars, Science Students (Postgraduate level), College and University teachers in the interdisciplinary areas of Physical Sciences and Earth Sciences, who wish to pursue teaching and research seriously. The summer school will cover a short course on chemistry, crystal structure, phase relations,  $P$ – $T$  stability of several important groups of rock-forming materials to refresh as well as motivate young minds and enthusiastic faculty members towards active teaching and research.

## **Important notes:**

1. A maximum of 20 numbers of participants will get an opportunity to participate.
2. All the participants will be paid with III A/c fare from the shortest route with local hospitality.
3. Study materials will be provided to all the participants in the form of soft/hard copy.
4. Applications with necessary particulars can be sent by e-mail to [nchps.iiserk@gmail.com](mailto:nchps.iiserk@gmail.com)
5. Dead line of receiving applications: **25 May 2016**
6. Selected participants will be informed by e-mail by **28 May 2016**

## **Course Director:**

**Prof. Alok K. Gupta**

Emeritus Professor

National Centre of Experimental Mineralogy and Petrology

University of Allahabad

## **Course Co-ordinator:**

**Dr Goutam Dev Mukherjee**

National Centre for High Pressure Studies

IISER Kolkata
