Sponsored
INDO-UK WORKSHOP

on
Plant Molecular Farming – III
27 and 28 July 2016

Jointly organized by
Dr R. Sathishkumar, Bharathiar University, India
and
Prof. Julian Ma, St George's University of London, UK

The Department of Biotechnology, Bharathiar University, Coimbatore and Institute for Infection and Immunity, St George's University of London, are jointly organizing a two-day workshop on '**Plant Molecular Farming – III**'. This is the third event of its kind after the success of previous ones held in 2012 and 2014. The workshop will highlight the latest developments in the area of Molecular Farming. This workshop will include both hands on training and lectures from Academia and Industry experts. Research Scholars from Universities, Institutes and Colleges are eligible to apply. Hard copy of the application with CV and a brief write up justifying the relevance of participation to your ongoing project should be submitted through your research supervisor on or before **13 June 2016** to the below said address.

Organizing Secretary
