Registrar

**Centre for Brain Research
Indian Institute of Science
Bengaluru 560 012**

Position of Deputy Director

Centre for Brain Research (an autonomous Centre of Indian Institute of Science) seeks a distinguished neuroscientist to serve as **Deputy Director** of this newly established Centre.

The Centre for Brain Research is dedicated to finding early diagnosis and rational therapies for neurodegenerative diseases through better understanding of brain function. In order to achieve these goals, the Centre will carry out clinical and basic research in human populations and model systems. The Centre will have around 15 research groups.

The Deputy Director shall assist the Director of the Centre and discharge such duties and functions as may be assigned to him by the Director. The candidate is expected to work closely with the Director and assist in the day-to-day operation of the Centre. Expertise in clinical, genetic, and/or epidemiological research related to aging and neurodegenerative disorders would be desirable.

Interested scientists may kindly send the complete curriculum vitae by **31 May 2016** to cbr@cns.iisc.ernet.in
