

CURRENT SCIENCE

Volume 111 Number 10

25 November 2016

1574 **In this issue**

GUEST EDITORIAL

- 1575 **Institutions of higher education and research in India: do they need to take interest in school science education?**

K. Subramaniam

CORRESPONDENCE

- 1577 **Changing trends in S&T education in the universities of Punjab**

Hardev Singh Virk

- 1577 **Plants outdoor: thick and thin**

Subrata Ganguli

NEWS

- 1579 **Science Last Fortnight**

- 1581 **Human-wildlife conflict**

Pawan Kumar Agrawal, Baldev Raj, Sindhu Radhakrishna, Abraham Verghese, Kesavan Subaharan and Ankita Gupta

RESEARCH NEWS

- 1583 **Size matters: nanoparticles in cancer therapy**

Bhavya Khullar and Sarah Iqbal

OPINION

- 1585 **Teaching versus research in higher education institutes: revisiting the issue**

Ajeet Kumar Rai and Naveen Kumar Sharma

COMMENTARY

- 1587 **How certain is science?**

Tazid Ali

- 1588 **Possible implications of a recent gazette notification on *Bt*-cotton scenario in India**

K. R. Kranthi

TECHNICAL NOTES

- 1591 **Performance of cotton mat as pre-filtration unit for groundwater recharging**

A. K. Vashisht and R. Aggarwal

SCIENTIFIC CORRESPONDENCE

- 1596 **Functional characterization of alcohol dehydrogenase from Crabtree-negative yeast *Komagataella (Pichia) pastoris***

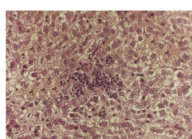

Vanita Uppada and Santosh B. Noronha

- 1599 **Road accessibility, population proximity and temperature increase are major drivers of forest cover change in the Hindu Kush Himalayan Region**

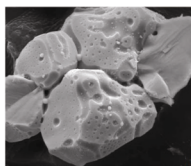

Manchiraju Sri Ramachandra Murthy, Pulakesh Das and Mukunda Dev Behera

- 1602 **Histopathological changes in golden hamsters induced by *Leishmania tropica***

Harith Saeed Al-Warid and Fawzia Ahmed Al Shanawi

- 1604 **Rapid assessment of *boro* paddy infestation by brown planthopper in Morigaon district, Assam, India using unmanned aerial vehicle**
B. K. Handique, Jonali Goswami, Abdul Qadir, Chirag Gupta and P. L. N. Raju

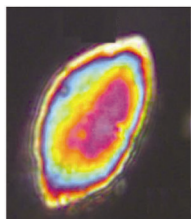

GENERAL ARTICLE

- 1607 **Nuclear power from thorium: different options**
S. Banerjee, H. P. Gupta and S. A. Bhardwaj

REVIEW ARTICLE

- 1624 **Metabolomics of medicinal plants – a versatile tool for standardization of herbal products and quality evaluation of Ayurvedic formulations**
Pulok K. Mukherjee, Ranjit K. Harwansh, Shiv Bahadur, Sayan Biswas, Lalitha N. Kuchibhatla, Sarada D. Tetali and A. S. Raghavendra

RESEARCH ARTICLES

- 1631 **The earliest marine transgression in western India: new insights from calcareous nanofossils from Lathi Formation, Jaisalmer Basin**
Jyotsana Rai, Sunil Bajpai, Ravindra Kumar, Abha Singh, Krishna Kumar and Neeru Prakash

- 1640 **Identification of genetic variants in *PDC*, *RHO*, *PDE6A* and *PDE6B* in dogs with progressive retinal atrophy**
Dipal Y. Pandya, Divyesh N. Kelawala, Namrata V. Patel, Tejas M. Shah, Anand B. Patel, Nidhi R. Parmar, Bhaskar Reddy, Deepak B. Patil and Chaitanya G. Joshi

- 1649 **Parasites–predators: their occurrence and invasive impact on the tropical tasar silkworm *Antheraea mylitta* (Drury) in the zone of central India**
Ganesh B. Gathalkar and Deepak D. Barsagade

- 1658 **Seismic analysis of vertically irregular buildings**
Shaikh Abdul Aijaj Abdul Rahman and Ansari Ubaidurrahman Salik

RESEARCH COMMUNICATIONS

- 1664 **Solar absorption capacity of zinc oxide nanofluids**
Alagappan Subramaniyan, Rajasekar Krishnan, S. Sivailango, S. Kamala Thiagarajan, B. Rajasekar, T. Sorna Kumar and Rajangam Ilangovan

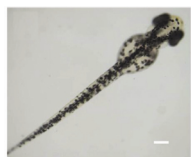

- 1668 **Gait parameters in school going children using a marker-less approach**
Ishant Gupta, Parveen Kalra and Rauf Iqbal

- 1675 **Molecular genetic diversity of landraces, cultivars and wild relatives of rice of Goa**
Shilpa J. Bhonsle and S. Krishnan

- 1680 **Seasonal variations of groundwater arsenic at Silchar, Assam, and its correlation with the flood plains and landfill area**
Tushar Deb Kanungo

- 1687 **Soil erosion in Punjab**
Sharmistha Pal, G. S. Sidhu, A. K. Tiwari, Dipak Sarkar and V. N. Sharda

- 1693 **Protein-rich food does not affect singing behaviour and song quality in adult zebra finches, *Taeniopygia guttata***
Neelu Anand Jha and Vinod Kumar

- 1697 **Transgenic zebrafish biosensor for the detection of cadmium and zinc toxicity**
Nilambari Pawar, P. Gireesh-Babu, Sridhar Sivasubbu and Aparna Chaudhari

- 1701 **Food habits of dhole *Cuon alpinus* in tropical forests of southern India**
Shahid A. Dar and Jamal A. Khan
-

BOOK REVIEWS

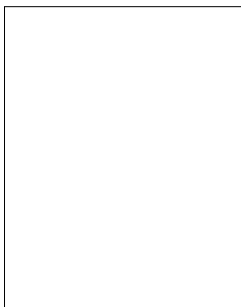

- 1706 **Modern Atomic Physics** by Vasant Natarajan, *reviewed by* Sharath Ananthamurthy
- 1707 **D. M. Bose – His Scientific Work in International Context** by Rajinder Singh, *reviewed by* Hardev Singh Virk
- 1709 **Micropaleontology: Principles and Applications**, Pratul Kumar Saraswati and M. S. Srinivasan, *reviewed by* V. Sharma
- 1709 **Modern Poisons: A Brief Introduction to Contemporary Toxicology** by Alan S. Kolok, *reviewed by* Rajeev Pratap Singh
-

PERSONAL NEWS

- 1711 **Vijay Kumar Sharma (1967–2016)**
Mewa Singh and Vinod Kumar
- 1713 **Manoj Kumar Pal (1932–2016)**
M. L. Chatterjee, J. N. De, L. Satpathy and Y. K. Gambhi
-

HISTORICAL NOTES

- 1714 **C. V. Raman nominated G. N. Ramachandran for the Nobel Prize in Chemistry**
Rajinder Singh
-

◀ COVER. *Canthecona* bug predation on larva. See page 1649.
