M. Sc. in Human Disease Genetics (2017–2019)

(Degree awarded by University of Mysore)

The Centre for Human Genetics, Bengaluru, invites applications for admission to the M. Sc. programme in Human Disease Genetics for the session 2017–2019.

This is a unique interdisciplinary programme at the interface of modern biology and medicine. It covers fundamental cell and molecular biology, population biology, statistics, human genetics, genomics, clinical genetics and genetic counselling. The curriculum consists of lectures, laboratory work, seminars and discussions, and includes a strong component of research, case studies and activity-based learning.

The programme can be viewed as a first step towards a professional career in human genetics, disease diagnostics and allied bio-medical fields or towards advanced studies leading to a Ph.D. or M.D. degree.

Eligibility: A Bachelor's degree in any area of biology or medicine. Motivated candidates with an undergraduate degree from other streams can also apply. Selection will be based on a national-level online test followed by an interview.

Last date for receiving applications	: Monday, 15 May 2017 ; for details see: www.chg.res.in
Date of online test	: Sunday, 21 May 2017
Interview dates	: between 5 and 9 June 2017
Programme starts on	: Monday, 31 July 2017
Queries and correspondence	: mscapp@chg.res.in ; Mobile: 94828 64314
