

INSA Young Historian of Science Award – 2017

Call for Nominations

INSA Young Historian of Science Award is instituted by Indian National Science Academy, New Delhi with the aim of recognizing young historians of science of extraordinary promise and creativity who have made notable research contributions in areas relating to History of Science. This award, considered to be the highest recognition of promise, creativity and excellence is made annually to those historians of science who are distinguished for these attributes as evidenced by their research work carried out in India or abroad. Only those born on or after 1 January 1982 are eligible for consideration in the year 2017.

The awardee shall receive a certificate, a bronze medal, cash award of Rs 25,000 and a seed amount to initiate research project and further scope for overseas training for advancement of career.

A candidate is to be nominated by a Fellow of the Indian National Science Academy and other National Scientific Societies, Vice Chancellors of Universities and Heads of Research Institutions.

Nomination proforma may be availed from **The Assistant Executive Director** at e-mail: ijhs@insa.nic.in or be downloaded from website www.insaindia.res.in. One hard copy and a soft copy (in MS Word only) of the nomination duly filled in, along with all supporting documents, must reach the Academy latest by **30 June 2017**.

MACS-Agharkar Research Institute

G.G. Agarkar Road, Pune 411 004

Advt/RecT/08/2017

No TA/DA provided for attending the interview.

Director, ARI

Indian Society for Ecological Economics (INSEE) *Ecology, Economy and Society – the INSEE Journal*

Call for Research Papers

INSEE seeks original Research Papers for its new bi-annual peer-reviewed open-access Journal to be edited by Jayanta Bandyopadhyay, Kamal Bawa and Kanchan Chopra.

Those who wish to contribute to the inaugural issue of the Journal (expected in November 2017) may send their contributions by **15 June 2017** to insee.ees@gmail.com. Contributions received afterwards will be considered for subsequent issues.

EES offers authors a forum to address socio-environmental issues from, across and within the natural and social sciences. EES would promote methodological pluralism and inter-disciplinary research.
