Open Call for Indo-German Bilateral Workshops

The Indo-German Science & Technology Centre (IGSTC) invites proposals for organising Indo-German workshops on areas of mutual interest with an aim towards creating platforms for substantive interactions between scientists / researchers from academia and industry. The workshops have to take place in India or in Germany and to be designed around a specific research topic out of thematic areas relevant to both DST and BMBF, which includes the thematic areas of 2+2 project calls. Any other relevant topics of very high importance may also be considered. Proposals with a potential for generating follow up activities including joint projects are preferred. Training workshops as well as meetings between two institutions do not fall under the scope of this call.

Who can Apply?
Persons holding regular positions in public or private non-profit research organisations, institutions of higher education and universities are eligible to submit applications.

Type and Extent of Support
1. Event costs for typically not more than 25-30 participants (organisational & logistics expenses, catering, printing & publicity, miscellaneous expenses).
2. International and domestic airfare for participants including transfer to the airport / venue and return. Only those participants with an active role (oral presentation) will be funded.
3. Accommodation (expenses for accommodation in a standard hotel / guest house on actual costs for normally not more than four days).
4. One official dinner.

Guidelines
Proposals should be submitted electronically as a single Word or PDF document according to the guidelines available at www.igstc.org. We advise you to get in touch with any of the following contacts well before submitting the application.
