Call for Participants to Workshop on: Sustainable Sanitation for the Reduction of the Spread of Antimicrobial Resistance through Wastewater

Under the Researcher Links scheme offered within the Newton Fund, the British Council and the Royal Society of Chemistry will be holding a workshop on the above theme at **Institute of Chemical Technology, Mumbai** from **5 to 8 February 2018**. The workshop is being coordinated by Dr Lena Ciric from University College London and Dr Parag Nemde from the Institute of Chemical Technology, Mumbai, and will have contributions from other leading researchers.

We are now inviting Early Career Researchers from the UK and India to apply to attend and present oral/poster at this workshop. All travel and accommodation expenses will be covered by the Newton Researcher Links programme. Additional details on the initiative visit at www.amrsan.org and registration form should be submitted before the deadline of **10 January 2018**.
