

**S. N. Bose National Centre for Basic Sciences**  
Block JD, Sector III, Salt Lake, Kolkata 700 106

**125th Birth Anniversary of Prof. Satyendra Nath Bose**

**International Workshop on**  
**'Bose–Einstein Condensation and Related Phenomena'**  
**26–28 March 2018**

SNB/Advt/17-18/024

25 February 2018

S. N. Bose National Centre for Basic Sciences, an autonomous institute of Department of Science and Technology, Ministry of Science and Technology, Govt of India will organize a three-day International Workshop on '**Bose–Einstein Condensation and Related Phenomena**' jointly with The World Academy of Sciences (TWAS) during 26–28 March 2018 at its premises.

Over the last several decades, Bose–Einstein condensation and related phenomena has been in frontier area of research, and during last one decade there has been tremendous development in the field. The purpose of this conference is to bring together leading researchers, young scientists and students who have been working or planning to work in this field. Prof. Wolfgang Ketterle (MIT, USA), Nobel laureate in 2001 will deliver the keynote address.

We invite abstracts for poster presentation from interested participants. Please send a one page abstract to [becrp18@bose.res.in](mailto:becrp18@bose.res.in) by **28 February 2018**. Selected participants will be informed by **15 March 2018** via e-mail as well as on the conference website.

Please visit the conference website <http://newweb.bose.res.in/Conferences/BECRP18/> for more details of the workshop.
