Head - Pollution Monitoring Laboratory, Centre for Science and Environment

Position based at Nimli, Alwar, Rajasthan

Centre for Science and Environment (CSE) is one of Asia’s leading research and advocacy organization working in the field of environment protection. CSE has set up a state-of-the-art laboratory for pollution monitoring, septage management and food contamination situated at CSE’s residential campus at Nimli, Alwar, Rajasthan located 100 km from Delhi and 60 km from Gurugram.

Experience requirement

PhD in Chemistry/ Microbiology/ Chemical Engineering and Technology/ Environmental Sciences/ Public Health Engineering/ Environmental Engineering and hands on experience of using sophisticated analytical equipments such as LC-MS, GC-MS, HPLC, GC, AAS, UV-VIS Spectrophotometer, Bomb Calorimeter etc. At least 20 years of work experience in a similar or related capacity is a mandatory requirement. Candidates with lesser experience will be considered for the positions of Senior Research Scientist / Scientist for the laboratory.

The candidate should have expertise in at least one of the core areas of the lab which includes: Faecal Sludge/ Septage management, pollution monitoring and food contamination and working knowledge in other two areas.

Familiarity with Good Clinical Laboratory Practices (GCLP) and experience in certification processes (ISO/NAAB etc.) is mandatory.
