

INSA Grants for Research in History of Science

Applications for research projects are invited by the Indian National Commission for History of Science annually on various subjects pertaining to history of science and technology in India under the guidance of a Research Council. Through this programme, an Investigator can take up source and theme oriented study and compilations of important sources with commentaries; translation of important technical primary sources on mathematics, astronomy, medicine, alchemy, agriculture, natural products, life sciences, scientific traditions including oral traditions of scientific nature, metals and metallurgy, architecture and irrigation technology, for critical assessment relating to ancient and medieval periods. The Commission has given equal emphasis for historical evaluation of science and technology of both colonial and 20th century scenario in India with critical assessment. Study of pioneering institutions, popular perceptions of science development, tools, techniques and how the knowledge in each area of science has grown conceptually on the basis of International perspectives, are some of the research areas cited as examples. Themes may of course be selected depending on candidates' own aptitudes and specializations.

Facilities

Projects Investigators are offered facilities of Research Assistants (Non-NET), JRF/SRF, Research Associates with suitable contingency and travel grant. In special cases superannuated scholars are also granted Honorarium with other facilities for whole time research work.
