### Summer Training School on Planetary Sciences & Exploration 1 May – 30 June 2019

Scientists at the Physical Research Laboratory (PRL) are making scientific instruments to be flown on various planetary missions by ISRO in future for the studies of atmospheric, surface and interplanetary processes. For effective utilization and modeling of copious data from these missions, a Planetary Data and Modeling Centre (PDMC) is being established at PRL. As part of the PDMC, we are organizing a two months summer training school to introduce the participants to techniques of planetary science data retrieval, analysis, its modeling and instrument development for planetary missions.

Selected participants will be provided II AC train fare, accommodation and fellowship of Rs. 15000 p/m for local and food expenses. For further details: <https://www.prl.res.in>.

Ph.D students, PDFs, young teachers, M. Sc. (Physics/ Geology/ Geophysics/ Space Science/ Atmospheric Science and allied fields) final year students may apply with their detailed CV and a one page statement of purpose, to Prof. Varun Sheel, Course Director, Planetary Science Division, Physical Research Laboratory, Navrangpura, Ahmedabad, email: [varun@prl.res.in](mailto:varun@prl.res.in).

Last date for receipt of applications: **22 April 2019**
