

Centre for Human Genetics, Bengaluru ಮಾನವ ತಳಿಶಾಸ್ತ್ರ ಕೇಂದ್ರ, ಬೆಂಗಳೂರು

Ph.D. Programme

Interested candidates are invited to apply for research positions leading to a Ph.D. with the degree to be awarded by Manipal University. The Centre is located in the south of Bengaluru, in Electronic City. CHG faculty work on problems that lie at the interface of modern genetics and medicine, evolutionary biology, cancer biology and related disciplines. Besides offering training leading to a Master's degree in Human Disease Genetics under the aegis of Bangalore University, CHG conducts short-term courses and training programmes in human genetics, clinical genetics and molecular cytogenetics. It also offers clinical services including genetic counselling for a range of genetic disorders and inborn errors of metabolism.

Applicants are expected to have (a) a Master's degree in Science or an MBBS degree, (b) cleared the CSIR/UGC National Entrance Test in the Life Sciences or the ICMR-JRF or an equivalent examination and (c) assured financial support, for instance from a Junior or Senior Research Fellowship awarded by CSIR or ICMR.

Potential applicants are invited to go through information provided on the CHG website (www.chg.res.in). A formal application can be made by e-mail (phdadmin@chg.res.in), with a print copy mailed to **The Dean**, CHG, at the address given below. The application should include a CV, marks obtained in the 10th and 12th standard, and B.Sc., M.Sc./M.B.B.S. degree exams along with a recent photograph and a brief statement explaining why the applicant is interested in doing a Ph.D. in Human Genetics. At least two referees should be requested to submit letters of recommendation separately.

The last date for receipt of completed applications (and the letters of recommendation) is **24 May 2019**. Offers will be made only after short-listed applicants are interviewed. The interviews will be held during the **first or second week of June 2019**.
