Ahmedabad University provides an intellectual environment that facilitates cutting-edge research and a world-class, interdisciplinary education. The University currently encompasses four schools and four centres, ranging from Management to Engineering, and Humanities to Biological Sciences. Ahmedabad uses a diverse pool of talent to provide students with the skills and guidance necessary to thrive as scholars and obtain rewarding careers as academicians and entrepreneurs.

Prospective candidates are required to have a Master’s degree in any area of basic or applied biological science (MSc/MBBS/MTech) with a good academic record and a minimum of 55 percent marks in order to be eligible, while those with CSIR/UGC/DBT/ICMR/DST fellowships are likely to be given precedence.
