

UGC-UKIERI
SPONSORED INDO-UK WORKSHOP
ON

3rd and 4th October, 2019

PLANT BIOLOGICS AND IMMUNODIAGNOSTICS - IV

Organized by

Prof. R. Sathishkumar, Bharathiar University, India

&

Prof. Julian Ma, St. George's University of London, UK

The Department of Biotechnology, Bharathiar University, Coimbatore and Institute for Infection & Immunity, St. George's University of London are organizing a two-day workshop on "Plant Biologics and Immunodiagnosics - IV". This is the fourth event of the successful series, held in 2012, 2014 and 2016. This workshop covers the latest developments in the area of Plant molecular farming and its applications in immunodiagnosics with hands-on training and lectures from Academia and Industry Experts.

Young faculty, Scientists and Research scholars from Universities, Institutes, Colleges and Industries doing research in Biotechnology / Botany / Plant Sciences are eligible to apply. To apply, send a hard copy of the detailed CV and justification (not exceeding 100 words) through your Research Supervisor to the below said address. A soft copy of the application should be sent to the below said email address.

Prof. R. Sathishkumar
Organizing Secretary, PBI-IV
Plant Genetic Engineering Laboratory
Department of Biotechnology
Bharathiar University
Coimbatore – 641046
Tamil Nadu, India

All communications should be sent to
