

Current Science Association Bengaluru

Copies of the Special Section of *Current Science* (on Satish Dhawan) are available with us.

The link to view contents of the Special Section is as follows:

<https://www.currentscience.ac.in/php/pdf/spl-cont.pdf>

The cost of the Special Section is Rs 200 per copy + 2% processing fee for transferring the amount through Razorpay. The payment can be made by following the below link:

<https://rzp.io//xQ5rdk0>

If you are interested in obtaining copies of this Special Section, please send us an e-mail (edcursci@ias.ac.in) and we shall send you the copies and an invoice if required.

National Virtual Conference – 2020

Current Trends and Challenges in Plant Biochemistry and Biotechnology

20–21 November 2020

Society for Plant Biochemistry and Biotechnology (SPBB), New Delhi and Department of Biological Science, BITS Pilani, K.K. Birla Goa Campus invites you for National Virtual Conference. The conference aims to bring eminent scientists working in the frontier areas of Plant Biochemistry, Genomics, Genetics, Metabolomics, Stress Biology and Genetic Resources together and provide a forum for sharing their immense experience to encourage and inspire young researchers for exploring the emerging areas of Plant Biology.

The conference invites participation for oral/poster presentation from graduate/postgraduate students, research scholars, and faculties. For more details about registration and submission of abstract, please visit at <https://www.ctcpbb2020.in/>
