IGSTC 2+2 Call 2020

Indo-German Science & Technology Centre (IGSTC), a joint initiative of Government of India (DST) and Government of Germany (BMBF) to promote research partnership of industrial relevance, invites First Stage Proposals for joint R&D+I projects of industrial relevance in 2+2 Mode of Partnership in the thematic area **Additive Manufacturing** with subtopics

- New Materials for Additive Manufacturing;
- Large scale Additive Manufacturing;
- In situ Process Monitoring and Control;
- Printed and Wearable Electronics;
- 3D printing processes for biomedical devices and implants

Deadline for Submitting First Stage Proposals: 25 February 2021

2+2 Mode of Partnership

IGSTC intends to catalyse innovation centric R&D&I projects by synergising the strength of research/academic institution and public/private industry from India and Germany. This Call for proposals is aimed at supporting joint R&D&I projects of industrial relevance by means of '2+2 Mode of Partnership' i.e. involvement of at least one research/academic institute and one public/private industry from both the countries. Project proposals are expected to provide insights and exploitable research results leading to new technologies, products, processes, patents and/or services.

Funding Support

Funding will be provided in the form of grants amounting up to **€ 450.000** per project for German applicants and up to **₹ 230 Lakhs** per project for Indian applicants, for a period of up to three years, to cover project related costs including manpower.

How to Apply

The Basic Guidelines and the First Stage Proposal format can be downloaded from the website www.igstc.org/home/current_call. The project proposal should be submitted online using pt-outline: https://ptoutline.eu/app/igstc_ind20igcz latest by **25 February 2021**.

Contacts

It is recommended that applicants contact IGSTC Secretariat in India or Project Office in Germany for clarification, if any prior to submitting the application. The contact addresses are:
