8TH INDIAN PEPTIDE SYMPOSIUM
MARCH 24-26, 2021
INDIAN INSTITUTE OF SCIENCE, BENGALURU, KA 560012, INDIA

INDIAN PEPTIDE SOCIETY

Indian Peptide Society, a non-profit Scientific Society founded in 2006, has achieved significant progress since its inception. The main aim is to provide a suitable platform for the researchers in this highly interdisciplinary field. It also facilitates communication, co-operation and collaboration with national and international forums with respect to understanding of chemistry and biology of peptides.

The Founder Members, Office Bearers and Executive Members of IPS cordially invite all for the 8th Indian Peptide Symposium to be held during 24-26 Mar, 2021 at IISc, Bengaluru, Karnataka, India. The event will focus on structure of novel peptides, peptide-protein interactions, structure-activity relationships, molecular modeling of peptides, combinatorial chemistry, peptides in genomics, proteomics, peptide drugs and analytical techniques in peptide research.
