ANNOUNCEMENT

FOURTH ALL INDIA SYMPOSIUM ON ESTUARINE BIOLOGY

It is proposed to conduct the Fourth All India Symposium on Estuarine Biology at the Centre of Advanced Study in Marine Biology during September 1986. Papers are invited bearing on the following aspects of Estuarine Biology: 1. Physical and chemical aspects of estuaries; 2. Biology of estuarine organisms; 3. Embryological studies of estuarine organisms; 4. Physiology and biochemistry of estuarine organ-

isms; 5 Estuarine microbiology; 6. Estuarine ecology and aquaculture; 7. Utilization of estuarine resources and 8. Contributions of estuaries to sea.

Abstracts not exceeding 250 words are invited for the Symposium. For further details contact: K. Krishnamurthy, Convener, CAS in Marine Biology, Annamalai University, Parangipettai 608 502, India.
