ANNOUNCEMENT

INSTITUTION FOR GEOSCIENTISTS (INDIA)

A professional institution for geoscientists and technologists called "The Institution of Geoscientists (India)" is registered at New Delhi. This new body will strive for generation of "Chartered Geoscientists", specialist manpower at M.Sc. or M.Tech. level and supporting geoscientific professional manpower at B.Sc. (Hons) level besides bringing out Indian text books, professional hand books and specialized scientific journals in co-operation with the existing voluntary societies, academic institutions and other concerned organizations. The Institution will have its "Chapters" in all state capitals with local centres where necessary. About 30 Scientific and Technical Boards will be constituted by the elected Central Council to achieve these objects.

Corporate Members will be allotted to five faculties viz Geology, Geophysics, Geochemistry, Geo-engineering and Technology and Complementary Geosciences. Geochemistry faculty includes analytical

chemists in earth sciences. Geoengineering and Technology faculty includes drilling, mining, metallurgy, beneficiation, civil and other engineering disciplines. The Complementary Geosciences Faculty includes geography, surveying, soil and agricultural sciences, space science, computer science, library and information sciences etc as applicable to geosciences.

Only life membership is accepted. Fees for the same are Rs. 400/- payable at a stretch or in two consecutive annual instalments of Rs. 200/- each or in four instalments of Rs. 100/- each within a year. Foundation Membership is open till 31st August 1986. All those interested may contact the office-bearer of GSI Scientific Officers' Association in the nearest office of Geological Survey of India or the following address: R. L. N. Dixit Hony. Secretary and Treasurer, IGI Director, Planning and Training Geological Survey of India, 27 Jawaharlal Nehru Road, Calcutta 700 006.
