ANNOUNCEMENT

NATIONAL SYMPOSIUM ON REGULATION OF GROWTH AND DIFFERENTIATION IN PLANTS

The above symposium sponsored by the University Grants Commission will be held during March 21-23, 1988. The subjects of the symposium are as follows: 1. Physiological basis of crop yield, crop modelling and crop improvement; 2. Biological nitrogen fixation; 3. Plant growth substances and regulators; 4. Plant and organ differentiation; 5. Regeneration of organs and tissues, and 6. Plant-environment interaction and environmental stresses. The programme includes invited papers

in each symposium besides contributory oral and poster presentations. Those interested in participation may submit their abstracts to Dr I. S. Dua, Department of Botany, Panjab University, Chandigarh 160 014. Full papers should be made available during the Seminar for publication of proceedings.

Further details can be had from: Dr K. K. Dhir, Department of Botany, Panjab University, Chandigarh 160 014 (India).
