ANNOUNCEMENT

17TH IUPAC INTERNATIONAL SYMPOSIUM ON THE CHEMISTRY OF NATURAL PRODUCTS

The Seventeenth International Symposium on the Chemistry of Natural Products will be held in New Delhi, from February 4 to 9, 1990. The symposium is sponsored by the International Union of Pure and Applied Chemistry, Indian National Science Academy; cosponsored by the Department of Science and Technology and Council of Scientific and Industrial Research, and Organized by the National Organic Symposium Trust.

The symposium will comprise plenary lectures, sectional lectures and contributed papers (both oral and poster presentations) covering various facets of natural products chemistry (isolation, structure, elucidation, reactions, synthesis and biosynthesis). The Central theme for the symposium would be

"Natural Products Chemistry and its Social Relevance". In this context the following sections will be organized: (a) Natural Products and Human Health, (b) Natural Products and Agriculture, (c) Natural Products and Personal Sophistication, (d) Bioorganic Chemistry, and (e) General Natural Products Chemistry.

It is also planned to organize a post-symposium of restricted scope in Bangalore, after the New Delhi Symposium.

Further particulars may be had from: Dr A. V. Rama Rao, Secretary, 17th IUPAC International Symposium on the Chemistry of Natural Products, Regional Research Laboratory, Hyderabad 500 007.
