Applications are invited on the prescribed form for the following posts in Regional Research Laboratory, Jammu:

1. **Scientist ‘F’ (Pharmacology) – ONE POST**
   Pay scale: Rs 5100–150–5700–200–6300

   Essential qualifications: MD/PhD with about 10 years of R&D experience of original work as evidenced by patents and publications in the field of general pharmacology. Evidence of leadership by way of project leader and experience in clinical pharmacology will be preferred.

   Job requirement: The selected candidate will be responsible among others for one or more of the following functions – lead research in drug development, planning and operating research projects and schemes, and lead a team of interdisciplinary nature.

   Desirable: 2–3 years of experience in the field of safety evaluation and toxicology and in setting up of an animal house.

2. **Scientist ‘El’ (Entomology) – ONE POST**
   Pay scale: Rs 4500–150–5700

   Essential qualifications: PhD in zoology/entomology with about 10 years of research experience in the field of insect toxicology/physiology as evidenced by published work in the field. Particularly, persons having experience in natural products will get preference. Evidence of leadership by way of high-quality work in product development will be preferred.

   Job requirement: To lead a group of biologists and chemists for development of herbal-based insecticides from industrial point of view, their structure vs activity relationship and their physiological mode of action.

   Desirable: Experience in the development of natural products for insect control based on biopesticides and, preferably, experience as entomologist to demonstrate synergism of toxic allelochemicals in a pest insect wherein the synergy results from oxidative bioactivation.

3. **Scientist ‘C’ (Animal House) – ONE POST**
   Pay scale: Rs 3000–100–3500–125–4500

   Essential qualifications: 1st class MSc in veterinary science or equivalent with 6 years of experience in maintenance and breeding of experimental animals.
Job requirement: To supervise the animal house attached to the pharmacology division of the laboratory and breeding/maintenance of animals for research purposes.

Desirable: Experience in providing leadership to a group engaged in rearing laboratory animals for the requirements of the pharmacology division.

GENERAL CONDITIONS:

1. All the above posts carry the usual allowances admissible under the Central Government Rules as applicable to the CSIR. A higher initial pay may be given to deserving candidates.

2. Applications from the candidates working in Government departments, public sector organizations and Government-funded research agencies will be considered only if forwarded through proper channel and with a clear certificate that the applicant will be relieved within one month of the receipt of the appointment order.

3.
