

**Bangalore Genei Pvt. Ltd.**

Bangalore Genei is a well-renowned company engaged in manufacturing and marketing of biotechnology products in India. We are now embarking on an R&D project in collaboration with a biotechnology company in USA. For this project, we invite applications for the following positions:

**(1) Bacterial Geneticist/Molecular Biologist:** Candidate should possess a Ph D and some post-doctoral experience. Research experience in biology is required with emphasis on bacterial genetics, recombinant DNA methods, recombinant phage display, cloning, expression, mutagenesis, mutant selection, screening of libraries, purification and biochemical characterization of recombinant proteins. Applicants should be well versed in microbiology, molecular and cell biology, genetics, biochemistry, protein expression and purification and should also be competent to direct and supervise the work of assistants.

**(2) Biochemist:** Candidate should possess a Ph D; post-doctoral experience preferred. Extensive protein biochemistry and enzymology experience with proven ability to purify, characterize and develop assay formats for enzymes required. Should also be competent to direct and supervise the work of assistants.

The selected candidates should be willing to join as soon as possible. Persons interested for being considered for these positions may send their biodata (with list of referees) to: **Dr P. Babu**, Managing Director, **BANGALORE GENEI PVT. LTD.** No. 6, 6th Main, BDA Industrial Suburb, Near SRS Road, Peenya, Bangalore 560 058, INDIA.

Last date for receipt of application: 27 August 1997
