04.01.1999  
Applications are invited for the post of Faculty Fellows (equivalent to Assistant Professor in IIT/IISc) in the Molecular Biology and Genetics Unit. Applicants must have a Ph.D. degree with good post-doctoral experience. Expertise in the areas such as Molecular Biology, Immunology, Cell Biology, Genetics and Mouse Transgenic Technology, as evidenced by publications, is required. The present focus of the Unit is in the areas of Molecular Parasitology, HIV, Gene Targeting and Gene Therapy, DNA Vaccine Development and Molecular Human Genetics.  
The Centre seeks candidates with strong motivation and independence in formulating and working on interesting scientific problems with ability to collaborate with scientists in allied disciplines. The post carries a basic pay of Rs 12000 in the grade Rs 12,000–18,000 (The total minimum emoluments will be approximately Rs 16,680 per month).  
Applications may be sent to the Co-ordinator at the above address on plain paper along with detailed CV, copies of the best five publications, a tentative research plan and names of at least three referees.  
Last date for receipt of applications: 26 February 1999.

POST-DOCTORAL POSITION  

A position of Research Associate is available for 3 years in the group of Prof. Jayant B. Udgaonkar for a collaborative project with Prof. G. Krishnamoorthy, Department of Chemical Sciences, TIFR, Mumbai. The position will be supported by the DST-funded Swarnajayanti Fellowship grant entitled ‘How does Protein Folding Commence’. The scientist selected for this position will use laser-based temperature-jump methods to study protein folding/unfolding in the nanosecond time domain. Applications are invited from candidates with a Ph.D. in physics/chemistry/engineering, and with experience in laser spectroscopy and/or instrumentation. Applicants should summarize recent research experience and include names and addresses of three persons who can be contacted for a critical evaluation of the applicant’s research. The selected person will be based at the Tata Institute of Fundamental Research, Mumbai. Accommodation is likely to be provided. Applications should reach Prof. Jayant B. Udgaonkar at the above address within 6 weeks of issue of this advertisement.  
Fellowship: Rs 8,000 p.m., II year – Rs 8275 p.m., III year – 8550 p.m.
