

M.S. SWAMINATHAN RESEARCH FOUNDATION

M.S. Swaminathan Research Foundation (MSSRF), Chennai is looking for bright and talented professionals for appointment as *Director of the Informatics Centre*. The Informatics Centre of the MSSRF is one of the recognized bio-informatics centres of the Department of Biotechnology, Govt. of India; hosts the largest CD-ROM collection in the area of agricultural sciences and have established innovative Information Villages in the Union Territory of Pondicherry. The activities of the informatics group involve creation, maintenance and design of databases of relevance in the areas of natural resources management, bio-diversity conservation and sustainable livelihood and food security; spreading the concept of Information Villages in rural areas through location specific content creation and information empowerment of rural communities; and training and capacity building in the area of information technology. The Director of the group, in addition to coordinating the ongoing activities of the Informatics Centre, is expected to develop innovative and novel avenues using Information Communication Technology (ICT) for sustainable agricultural and rural development. Candidates with proven expertise in the area could send in their applications with CV and names of two referees to the **Chief Manager, M.S. Swaminathan Research Foundation, III Cross Street, Taramani Institutional Area, Chennai 600 113, within 15 days of this advertisement.**
