

**HYDERABAD EYE RESEARCH FOUNDATION (HERF)
OF THE
L.V. PRASAD EYE INSTITUTE (LVPEI)
BANJARA HILLS, HYDERABAD 560 034**

**INVITES APPLICATIONS FOR POSITIONS OF STAFF SCIENTISTS
POST-DOCTORAL AND RESEARCH ASSOCIATES
AND JUNIOR/SENIOR RESEARCH FELLOWS**

HERF is a DSIR-recognized scientific and industrial research organization that conducts basic and clinical research in areas of eye biology. Its strengths are, close and daily interaction between clinicians and scientists, well-equipped laboratories, research grants from national and international agencies, research collaborative agreements with institutions such as CDFD and CCMB, recognition by the University of Hyderabad for the Ph.D. programme and so on. We invite applications from interested scientists and students for the positions of staff scientists, PDF/RA, and JRF/SRF. We offer competitive remuneration and perks for staff scientists, and have in-house project assistantships for young students who want to pursue research in the chosen areas of the biology of the eye. CSIR/NET qualification for JRF preferable, but not a pre-requisite for admission. Those who have submitted their Ph.D. theses are eligible for consideration for PDF/RA. Send your letter of intent, along with CV and a list of referees, in plain paper by post, or email to Mrs. Rajini, HERF, L.V. Prasad Eye Institute, Banjara Hills, Hyderabad 500 034, call 040-354 3652, fax: 040-354 8271, or email at dbala@lvpeye.stph.net.
