Proposals are invited for consideration of support under the Scheme "Fund for Improvement of S&T Infrastructure (FIST)" of the Department of Science & Technology (DST), Government of India. The Scheme is intended to provide basic infrastructure and enabling facilities for promoting R&D activities in new and emerging areas and attracting fresh talents in universities and other educational institutions.

**Nature of support:** The Scheme will provide optimal infrastructure facilities such as adequate laboratory space and cold rooms (no fresh constructions), modernization of laboratories, acquisition of essential equipment and up-gradation of existing facilities, databases, scientific books, etc.

**Duration:** The duration of support for each Department will be for a period not exceeding 5 years.

**Eligibility:** All Science & Engineering Departments/Centres which have been existing for at least 5 years in universities and other higher educational institutions are eligible. The Departments/Centres already approved for support under the Scheme are not eligible.

**Type of support**

**(A) Level – I:** Proposals from relatively small but active Departments requiring moderate funding for improving quality of teaching and research through modernization of laboratories, for augmenting library and networking and computational facilities.

**(B) Level – II:** Proposals from well established Departments requiring substantial funding for acquiring state-of-the-art equipment and setting up laboratories confirming to GLP norms for conducting internationally competitive research including networking and computational facilities.

**Selection:** The selection will be through a peer review mechanism and visit to the laboratories, if necessary. An Advisory Board of Experts will assist the DST in making the final selection.

**Application:** Applications are invited from eligible Departments in the universities and other higher educational institutions in the prescribed format given below.
