molecular connections

Invitation for Senior Scientists

Molecular Connections (MC) is a pioneering “new-biology” research and discovery services company based in Bangalore. MC invites Life Science Doctorates (PhDs) to be part of its multi-disciplinary research services and products teams in the areas of genomics, proteomics, pre-clinical, clinical studies data analysis, etc.

MC is the joint venture between Idea2solutions, an incubator promoted by the founders of the Dr Reddy’s group and Laboratories for Information Technology, a national research institute for advanced technologies in Singapore. Molecular Connections’ initial focus is on building state-of-the-art products and provide world-class services to enhance efficiency and reduce the discovery cycle time & resources spent by discovery organizations at pre-clinical stages.

Role and Responsibilities:

You will lead a team of scientists and curators and will play a key role in building and maintaining scientific databases and content, software tools and technologies according to current market needs. You will be responsible for planning, designing and implementing research projects to extract knowledge out of public/proprietary databases, abstracts/full text papers, developing tools and protocols to complement existing genomic and proteomic databases. You will be working closely with the Product Management, Software and Quality Control teams on projects to enhance internal productivity and develop new service offerings, tools and products.

Qualifications:

- Ph.D in Life Sciences (Preferably Molecular Biology, Genetics, Biochemistry, Protein Chemistry etc.) with more than three years of experience.
- Exposure to genomics/proteomics technologies – an added advantage.
- Understanding of computational methodologies and scripting languages - a definite plus.
- Earlier team management experience preferred.
- Self-starter with good interpersonal and communication skills
- Fresh Doctorates and Post-Graduates (MS / MSc.) with exceptional expertise from reputed institutes will be considered for junior level positions.

Remuneration will be not be a constraint for right candidates. All positions are based in Bangalore.
