**PEOPLE'S SCIENCE INSTITUTE**

**252 Vasant Vihar-I, Dehra Dun 248 006**  
[psiddoon@sancharnet.in](mailto:psiddoon@sancharnet.in)

PSI is a leading voluntary organization that combines first-rate scientific work with a commitment to social justice. We are looking for young, articulate, self-motivated individuals with excellent academic records to initiate new projects.

The Institute requires: (1) A **Forestry/Ecological Scientist** to conduct research in watershed hydrology/Himalayan forestry traditions and practice and training in community forest management. (2) A **Geologist** to undertake hazards zonation in Uttarakhand, develop GIS for disaster management and train villagers in micro-hazards mapping. Ph D degree with independent research experience, publications in reputed journal and fluency in Hindi are necessary. Work outside academia is desirable.

Fluency in English and use of computers is essential. Salaries on par with leading voluntary organizations, based on experience and qualifications. Apply within two weeks, clearly stating desired salary and the names of two references with contact details.
